

Global Training Excellence

APPROVED TRAINING PARTNER SCHEME

About the Approved Training Partner scheme

The Approved Training Partner scheme was created to enable the BRC Academy to extend its provision of training to support manufacturing organisations in achieving and maintaining certification against BRC Global Standards.

The Approved Training Partner (ATP) scheme provides an online directory of professional trainers who deliver BRC Global Standard courses around the world. The scheme has been running successfully for over 12 years and has grown to a network of over 200 trainers globally.

ATPs are individuals who have extensive working knowledge and experience of manufacturing and auditing in specific industries, in addition to many years' experience of delivering training to thousands of delegates internationally. ATPs are expected to demonstrate the ability to train with professionalism, integrity and competence, as outlined in their contract.

Benefits

As an ATP you'll have access to an array of exclusive benefits to take advantage of all year round!

Co-branding of promotional materials and presentations to enhance your training

Demonstrate to your delegates and peers that your courses meet the highest professional standards

Regular support from the BRC Global Standards team

Use of the Approved Training Partner logo on your marketing communications to gain recognition internationally

Association with a scheme that is known worldwide

Invitation to the annual ATP/CB conference, plus a discounted rate for BRC's Food Safety conference

Promote your courses to a global audience with inclusion of your courses on our website

Provision of the latest training materials from BRC Academy and support from BRC Global Standards Technical Team

Access to the BRC Knowledge Centre and Expert Forums through a dedicated ATP area on the website

How to join

The Approved Training Partner scheme is open to individuals and corporations. Every application we receive is reviewed independently to ensure we have the right calibre of trainers.

All applicants must be able to demonstrate through qualifications and work experience that the specified criteria have been met for each BRC Global Standard.

To join the scheme you need to complete these 3 easy steps:

STEP 1

download the application form from the website to review the criteria required to join the scheme

STEP 2

complete the application form and send it to us to review with your initial assessment fee

STEP 3

attend the Train the Trainer course and pass the associated exam. Once these are complete you will then become an Approved Training Partner

What our existing ATPs have to say...

"I have been able to enhance my skills and knowledge in the manufacturing and auditing sectors, meaning that I can provide choice and flexibility through a variety of courses, across many industries"

"Being part of the Approved Training Partner scheme has allowed me to reach a global audience and deliver a portfolio of courses worldwide suited to each delegate's needs"

"I have been involved in this scheme for many years, and being trained by BRC Global Standards has increased my visibility and demonstrates to my delegates that my courses are of the highest quality"
